- Income tax applies to the amount of income after deduction of personal allowances. Personal allowances may be allocated against whichever types of income results in the lowest overall tax liability.
- Income is taxed in a specific order with savings and dividend income taxed last.
- There are three main bands – basic rate (BR), higher rate (HR) and additional rate (AR).
- There is also a starting rate band (SRB) of £5,000 which is only applicable to savings income. The band is not available if the taxable amount of non-savings income exceeds the SRB.
- Savings income and dividend income are taxed using UK rates and bands regardless of where the taxpayer is resident in the UK.
